

Book- LUCKY JIM by Kingsley Amis

Contributed by Zeno

One of the funniest books I have ever read. Jim holds tenuously to a probationary position as an instructor at a small English university and his hopes for reappointment rest solely ... on his ability to butter up Professor Welch, the odious head of his department. I run an online used book store at <http://www.zenosbooks.com/> Please feel free to come by and browse. Sincerely, Zeno
